

MACHINE-DATA

Machinetype : Compressor
Make : COOL TECHNOLOGY
Type : EN286-1
Year : 1999
Control type : conventional
Control :
Storage location : Tönisvorst
Origin : England
Delivery time : immediately
Quotation : ex warehouse
Price : on request

TECHNICAL DATA

power capacity	1,5 kW
feed pressure	11 bar
liter capacity	160 l
weight of the machine ca.	0,15 t
dimensions of the machine ca.	1,5x0,5x0,8 m

TECHNICAL DESCRIPTION

380 V, 50 Hz with plug and cable

colour: light grey

2 cylinder, boiler 90 l

compressor has been checked in our workshop, electr. testing report included!
